ISHYA FOUNDATION EXPANDS WITH NEW LEARNING CENTRE IN KHIZRABAD, NEW DELHI

Ishya Foundation is excited to announce the opening of a new branch of Ishya Learning Centre in Khizrabad, New Delhi, in the vibrant South East Zone. This expansion marks a significant step in our mission to provide quality education and learning opportunities to more children in the community.

The new centre will focus on nurturing young minds, fostering creativity, and empowering students to reach their full potential. We look forward to strengthening our connection with the local community and offering fresh opportunities for growth, learning, and discovery as we begin this exciting new chapter in this new year.

At Ishya Foundation, we celebrated this **Republic Day** with our children, embracing the spirit of unity and patriotism. The celebrations kicked off with a heartfelt rendition of the National Anthem, followed by an exciting quiz competition that tested their knowledge of India's Constitution and history. The event was further enlivened by vibrant dance performances, where our young talents shone bright, and patriotic songs that filled the atmosphere with joy and pride.

ISHYA FOUNDATION'S VISIT TO THE NATIONAL SCIENCE CENTRE

On 18th January 2025, Ishya Foundation's children and team had the exciting opportunity to visit the National Science Centre, thanks to an invitation to participate in the National Science Festival. The day was filled with discovery and fun as the children enjoyed the 3D show, science drama, and explored various interactive exhibits. They were fully engaged and fascinated by the displays, sparking their curiosity for science and technology.
